General Surgery Review

May 27 - 31, 2024

Exposure at the General Surgery Review Program offers an excellent opportunity to network with graduating residents for career opportunities within your hospital and community.

About Us

The General Surgery Review Program is a physician organization that is committed to offering educational programs. We provide the knowledge and skills necessary to enhance patient health by educating future general surgeons, so they can provide the highest quality of patient care to the community at large.

The General Surgery Review Program is precedent setting in Canada. No other program of such caliber exists and no other exam preparatory course has the support of the university training centers throughout Canada.

Is your hospital or community trying to recruit a general surgeon to fill a vacant position?

Our next educational program will be held **virtually** from May 27 - 31, 2024, accommodating all time zones allowing for the ideal situation to attract a large number of residents and health care professionals. Let us help you connect with graduating residents and new general surgeons.

"South Bruce Grey Health Centre was in a fairly urgent need of a general surgeon in early 2020. We purchased an ad at the advice of one of our regional surgeons at the General Surgery Review in February 2020 which led to landing a terrific candidate who fit our needs perfectly. The process was easy and inexpensive and the results were ideal and cost effective".
