Hôpital Notre-Dame Hospital

is a modern 44-bed fully-accredited hospital (www.ndh.on.ca) which serves a population of some 8,000 people with its 160 full and part-time employees. Notre-Dame Hospital provides a wide range of health care programs and services: emergency, diagnostic imaging, laboratory, respiratory therapy, chemotherapy, ambulance services, acute care, chronic care, pharmacy, clinical nutrition, electrocardiography, physiotherapy, surgery, diabetes education. Specialty clinics in cardiology, internal medicine, pediatrics, urology, orthopedic, gynecology, ENT etc. are held on a regular basis. The team works in close relationship with several visiting specialists, the Timmins District Hospital and the Thunder Bay Regional Health Sciences Center.

The Community

Hearst is a bilingual community of 5000 residents. 90% of the population is francophone. Located in Northeastern Ontario, it is centrally located between Northern Ontario's most important cities: Sudbury, North Bay, Sault Ste-Marie, Thunder Bay. It is located 275km from Timmins and 100km from Kapuskasing. The region has great outdoor activities to offer: fishing, hunting, canoeing and kayaking, ATV, hiking, snowmobiling, cross country skiing....
